Property Description

Malpais is one of the best known beaches in the Southern tip of the Nicoya Peninsula thanks to its great waves, tide pools and cheerful atmosphere. A perfect mix of fun and amazing natural landscapes. This beautiful property is located just 1.5 km away from Malpais's amazing natural tide pools and consists of 2 plots, one is 7087 square meters - 1.7 acres and the other is 10328 square meters - 2.5 acres. Both properties are touching the public road and have electricity and internet available. There are two 2bed/2bath jungle houses built from shipping containers that are currently being rented as Airbnbs surrounded by various nature trees and beautiful views to the mountains. With its proximity to Malpais Beach and its privacy, this is a great location for those who want to be close to surf but away from the noise. This is truly the perfect place to start an eco retreat center or a mini eco village.
